

## Conversion Therapy .

**Homophobia** . The irrational fear, hatred, or intolerance of people who are

**Intersex Person(s)** È An umbrella term used to describe a wide range of natural bodily variations

**Monosexual .**

**Pansexual .**

**Sex .**

desire a physical appearance that reflects this identification, but do not identify as wholly female or as a woman. It should be noted that transfeminine is not a descriptor of gender expression but of identity. Transfeminine people do not necessarily have to be stereotypically feminine in their interests or even presentation.

**Transgender .**
