Drawbacks of the Lanier Park access point

feel. The park is surrounded by a neighborhood and provides no room for expansion. Of all the sites, Wamego was arguably the worst when it comes to outdoor appeal.

Signage

One of the main problems with all of the access points is the lack of signage on the roads leading to the access point. The only two sites that we looked at that had signs were the Manhattan 177 access point and the Wamego access point, but the signs were not in easily

Campgrounds at Highway 24 access ramp

For the design of the bathrooms we recommend no more than two bathroom units be placed on the site. Even with the multiple user bases, this should be adequate amount of bathrooms for the area. We also recommend that the
